

Steve Jaynes Chief Steward Local 7906

2110 State St, Salem, OR Sjaynes@cwa7906.org

I was honored by my fellow members last year, and was voted into a position on the 2017 bargaining committee for the DirecTV LLC MOA, which was added to the Legacy T contract as Appendix A. Through this experience, I learned how much dedication, perseverance, teamwork, attention to detail, big picture thinking, endurance and fight it takes to obtain a fair and beneficial contract. I would be honored to bring these skills to work on the 2018 Legacy T contract. Though I am new to the game, I did grow up in a union family. I believe I possess the skills and experience (especially when it comes to Appendix A) necessary to help the cause. I have been working on the 2017 DirecTV MOA since its inception, and believe there are many areas for improvement in both it and the Core to benefit all members. I recognize the long history of this contract, and the many who have come before me in the fight to ensure its fairness. I refuse to let them, our members or myself down. I will come prepared, and have a lot to add in the bargaining process.

Objective: To obtain the Directv position on the 2018 Legacy T bargaining committee, so I may help all brothers and sisters represented under this contract. The ultimate goal is to help negotiate a fair, equitable and beneficial contract.

Skills:

- Attention to detail
- Ability to think big picture and outside the box
