

The lies and rumors are false!

Even management agrees with CWA!

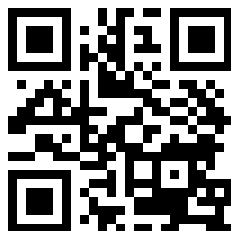

On December 21, AT&T sent out a communication to all IHX workers stating management must remain neutral as IHX workers join together to unionize with CWA.

Additionally, AT&T dispelled rumors about IHX workers who have gone union in Arkansas, New York, New Jersey, Illinois, and Detroit-area, Michigan:

- ★ IHX workers with company vehicles continue to be home-garaged.
- ★ Employee classifications of salaried or hourly have not changed.
- ★ IHX workers who joined the union have not been converted into retail positions. They are still IHX.
- ★ The commission structure has not changed.
- ★ IHX workers who joined the union have not been issued attendance or absence discipline because they joined the union.

So, really, what are you waiting for?

Scan the code to learn how you and your IHX coworkers can join CWA, too!
